

FRIENDS OF THE BARN

The Friends of the Barn fund serves as an annual resource for our men's basketball program. Donor gifts fund initiatives aimed at developing all of our student-athletes. The resources go a long way to help Gopher men's basketball build a recruiting edge and tell the story of why the University of Minnesota is a premier public institution.

Gopher Men's Basketball is building a championship culture and team at Minnesota. Friends of the Barn - and those that contribute to it - are one of the main reasons the program will see continued success.

RECRUITING

Recruiting is a crucial part of any program and your support allows Minnesota to recruit at the highest level. An investment in the recruiting process allows the coaching staff to meet with local recruits in Minnesota and also assists with flights to meet and evaluate recruits both regionally and nationally.

COMMUNITY SERVICE

Our student-athletes make a meaningful impact beyond competition through community engagement opportunities. These experiences allow them to give back while building authentic connections with the fans and communities who support them.

DONOR RELATIONS

TEAM BUILDING

Your support provides opportunities for players to develop a sense of team outside of the basketball complex. Team events such as professional sporting events, concerts, team meals, and tournament activities help the players develop lifelong connections with their teammates.

TEAM EQUIPMENT & TRAVEL

Friends of the Barn helps provide our men's basketball student-athletes with the resources needed to compete at the highest level. Support from this fund allows the program to utilize charter travel when possible, invest in enhanced equipment and technology, and create an environment that promotes peak performance on and off the court.

Gopher Men's Basketball host a variety of events throughout the year to thank those who invest in the program. From attending practices to traveling with the team for road matches and participating in exclusive dinners, these experiences reflect our deep appreciation.

Your Impact is Maintaining the Excellence of Gopher Basketball
