

THE *Legacy* FUND

The Legacy Fund donor community is dedicated to creating change in our women's basketball program by providing our student-athletes and coaches with championship-level resources. With your commitment to Legacy Fund you will directly impact Gopher Women's Basketball. Each member of this community is a part of our women's basketball program, with many exclusive points of access to our coaches, student-athletes, and behind the scenes experiences.

RECRUITING

Recruiting is the foundation of building a championship-caliber program. Through student-athlete development initiatives, guest speakers, leadership training, and nutrition education, your investment has helped shape well-rounded athletes who excel both on and off the court—creating a lasting legacy that extends far beyond the game.

COMMUNITY SERVICE

Gophers women's basketball emphasizes community engagement, giving student-athletes meaningful opportunities to make an impact beyond the court. This year, the team partnered with organizations such as HopeKids and Interfaith Outreach & Community Partners, strengthening their connections throughout the local community.

ALUMNI ENGAGEMENT

Alumni Weekend, the program's signature annual alumni event, brings back graduates from all decades to interact with current student-athletes, donors, and supporters. The weekend provided opportunities for alumni to watch practice, attend receptions, and cheer on the team at the game.

TEAM BUILDING

Your support provides opportunities and experiences for student-athletes to build strong connections outside The Barn and the Cunningham Basketball Performance Center. Team events help them develop lifelong connections with their teammates.

EQUIPMENT & RECOVERY

Your investment in Gopher Women's basketball helped to fund recovery tools like a red-light infrared sauna and cocoon pod to aid recovery, reduce pain, and boost energy, along with additional equipment such as red-light therapy mats, vests, blankets, and inversion chairs.

Your Impact is Maintaining the Excellence of Gopher Basketball
