

Point U is more than just a rallying cry—it is a dedicated donor community that plays a vital role in sustaining the energy, tradition, and success of Gopher Volleyball. Through this support, our student-athletes and coaches are equipped with championship-level resources that elevate every aspect of the program.

With a commitment to Point U, members become integral partners in our success, directly enhancing the student-athlete experience. In return, members enjoy exclusive touchpoints throughout the year, including special access to coaches and student-athletes, as well as unique behind-the-scenes experiences.

GOPHER VOLLEYBALL

RECRUITING

Sustaining a championship-level program starts with attracting top-tier talent. Point U provides the resources necessary for our coaching staff to travel nationwide, build meaningful relationships, and connect with elite prospects in their home communities.

COMMUNITY SERVICE

Our student-athletes make a meaningful impact beyond competition through community engagement opportunities. These experiences allow them to give back while building authentic connections with the fans and communities who support them.

DONOR ENGAGEMENT

Gopher Volleyball proudly hosts a variety of events throughout the year to thank those who invest in the program. From attending practices to traveling with the team for road matches and participating in exclusive dinners, these experiences reflect our deep appreciation.

TEAM BUILDING

Point U supports opportunities for student-athletes to grow together outside of Maturi Pavilion, strengthening team chemistry and culture. It also provides meaningful ways to recognize their academic and athletic achievements.

EQUIPMENT & RECOVERY

Point U helps advance the program through enhanced equipment and technology, allowing coaches to better track performance metrics and identify opportunities for growth and development.

Your Impact is Maintaining the Excellence of Gopher Volleyball
