

# FRIENDS OF THE BARN

*Building a championship program requires investment at every level - student-athletes, coaches, and fans.*

**M** The Friends of the Barn donor community is dedicated to creating change in our men's basketball program by providing our student-athletes and coaches with championship-level resources.

- Friends of the Barn donors commit at least \$50,000 to support Gopher men's basketball
- Each member of this community is part of our men's basketball program, with many exclusive points of access to our coaches, student-athletes and behind-the-scenes experiences.

**M** Friends of the Barn investments help deliver championship-level support.

- Recruiting: Equipping our coaches to build lasting and meaningful relationships with top recruits to ensure future Gophers are the best talent and the best people.
- Storytelling: Sharing the unique story of our world-class University and urban campus, as well as the rich history and bright future of Gopher Men's Basketball.
- Program Development: Developing one of the country's most comprehensive support programs to help every Gopher not only become an outstanding basketball player, but also fully develop their potential as students, as citizens and as leaders.
